We are very proud to introduce Mr. Derek White, he is a 20 year, OTR Veteran. Derek has driven almost every commodity, every kind of truck, in every single state, he knows how to handle the road and knows how to handle all the Key Players in the Transportation & Logistic industry, he also highly skilled at picking out and quoting all the SPOT Lanes on the map.

One SPECIAL skill that Derek shared with us is being able to understand just what a driver may be going through on any given day, at any given hour. When they are passing through certain areas the things that they may have to deal with. He has taught us all these wonderful lessons and skill sets. He says "When a Driver sees that you get it and that you care they will move anything and everything just for you"

We are Masters at DOT & FMCSA Guidelines, and we do our due diligence to remain in the know. We Make sure all drivers are in compliance, by checking their SMS before we give them your freight, and we know time is very important to you, so we make it our PRIORITY also!

We are so very fortunate to have this lady on our team also.

Her Name is Mrs. Toni Cunningham. She has over 20 years in the Transportation/Logistic Industry.

She brings with her Broker Experience, Dispatching Experience, Negotiating Experience, Compliance Experience, Training Experience, Logistic Accounting Experience, Driver Handling Experience, Logistic Admin Experience, Backoffice Experience, FMCSA, DOT, DMV, UCR, IRP, IFTA AND PERMIT EXPERIENCE,

Old School Customer Service Experience, She even knows how Skip Shift a 13 speed, if you do not know what that is it is the ability to drive a Big Rig without using the clutch, and YES, she can also blind dock anything.

if you ever get a chance to speak to her, ask her how she does this so easy, she loves telling that story.

We were not exaggerating when we said years of experience.

Give us a try you will not be disappointed,

During the tough times like we are experiencing right now, we make it our business to be caring and understanding but above anything else our PRIORITY is to play fair, so if we must take a lost, we will do just that, so our Shippers never have to.
